## COLUMBIA REOPENS FOR ITS 163D YEAR

Armed Carranza Soldiers Cross Into Texas, but Get Back in a Hurry.

### DROP AMERICAN RIFLE URGES RULE OF REASON

Villa Denies He Was in Columbus Raid—Bandits Robbing Trains.

EL PASO, Tex., Sept. 27.—Eight American cavalrymen this evening chased fifty armed Carranza soldiers back into Mexico eight miles below El Paso. The Carranza soldiers deliberately forced the Rio Grande and were going southeast down the river in the direction of Taos, a town of 2,000 inhabitants twelve miles east of El Paso, when the Americans sighted them and opened fire. The Carranzistas immediately fled.

In their flight the Mexicans dropped a rifle which proved to be one of the guns lost by the Tenth Cavalry men in the massacre at Carrizal. It bore the stamp of the United States arsenal that manufactured it and also "K 10," showing that it had belonged to Troop K, Tenth Cavalry.

The American force which put the Carranzistas to flight was commanded by Corporal H. A. Bosh, Troop H, Eighth United States Cavalry.

In connection with the plans of Pancho Villa to attempt to make the American Administration believe he had no connection with the Columbus raid, a letter was given out here to-day purporting to have been written by a Colonel on Villa's staff, asserting that the chief was ignorant of the raid or plans for it. The letter states that when Pablo Lopez and other Villa lieutenants reached the Corralitos ranch on the retreat from Columbus, Villa was in great rage and forbade them even to associate with him again. He left Villa's camp in one direction and the column of raiders followed by the American column in another after the meeting.

### CITY COLLEGE INCREASE.

#### Fall Term Opens To-day With Enrollment of 1,740.

Registration yesterday for the fall term of the day session of the college of the City of New York, which opens to-day, brought the number of students enroled up to 1,740. This is an increase of 300 over the figure for the corresponding term last year.

The evening class enrollment contains more than 650 students.

Figures obtained at Townsend Harris Hall, the preparatory department of City College, indicate that the school will be attended by its maximum capacity of 1,000 pupils. Director Major Cosentino, who was in charge of the registration, had to turn away many students, so great was the demand for admission.

Registration in the evening sessions and the extension courses for teachers in the public schools will commence next week. The total enrollment in all the divisions of the college reached 10,228 last November, and officers of the administration anticipate the breaking of this record figure within a few weeks.

### JEWISH NEW YEAR BEGUN.

#### Blowing of Rams' Horns ushered in Last Evening.

The blowing of rams' horns in the synagogues of every city at sunset last evening announced the birth of the Jewish New Year, the year 5677.

The Jewish calendar, Jews of the orthodox or reformed faith, gathered in their temples for two hours services.

Services were similar in all the synagogues. They included sermons and song. There will be other services at 10 o'clock this morning.

### MEXICAN PARLEY ENDS OCT. 15.

#### Joint Commission to Meet Monday in Atlantic City.

NEW LONDON, Conn., Sept. 27.—Its work here virtually finished to-day, the American-Mexican joint commission expects to end its conference not later than October 15. After a short session tomorrow the commission will return to Atlantic City.

Both sides expressed satisfaction with the progress already made. Border conditions and to some extent the banking question were discussed to-day. A memorandum of conditions prepared by mining men in Mexico has not yet been presented.

Commission members of the commission said that Ambassador Designate Arredondo's departure for Mexico was not related to the conference and they believed he would return soon. To-night the Mexicans were dinner guests of Franklin K. Lane, head of the American representation.

### TO STOP PAYING GUARDSMEN.

#### Title and Mortgage Company Servers Notice on Employees.

The New York Title and Mortgage Company recently notified its guardmen employees now doing service on the border that their salaries will be discontinued after October 1 unless they shall have returned to their positions.

"We feel we have done our duty," said Henry C. Tilden, president of the company, and we feel that now the government should do its duty by releasing firms of the strain under which they have been operating their business. We shall not fill the positions of our men who do not return, simply cut them off the salary list until they return."

### HUNT FOR 32,689 DEPOSITORS.

#### Greenhut & Co. Cannot Locate the "Bankers" to Pay Them.

Many thousands of depositors in the bank collapsed by John J. Greenhut, whose affairs were闹 in 1914, cannot be found and the company doesn't know where to find them. All of these depositors were holders of "dollar banks," who began the accounts on the principle of thrift.

Rose & Paskus, attorneys for Greenhut, appeared in the Supreme Court yesterday to be allowed to transfer the balance of about \$10,000 remaining to the credit chiefly of the dollar bank holders, to the Superintendent of Banks and to order him to liquidate the municipal bonds which are still held as security. The company is anxious to wind up the affairs of the old banking business.

There were \$5,632 "dollar banks" in the Greenhut bank, and each of the "dollar banks" sued the company. It is not yet known whether the 32,689 depositors \$32,689 never appeared again after having received a bank in return for their first deposit of \$1. Notices to return their banks and receive \$1 each were directed to the addresses last given by the holders, but thousands of these notices were returned by the Post Office Department stamped "not found."

## "So-CO-nY"

Say "So-CO-nY" to the garage man before you have your tank filled. Make sure he displays the Red, White and Blue So-CO-nY sign. Make sure that your engine gets clean, powerful, quick-starting fuel.
